WICHITA MARKETS

Receipts of Live Stock at the Union Stock Yards during the past 24 hours—240 Cattle, 55 Calves and 2,275 Hogs.

There was a very good supply of cattle on the market, and mostly native butcher stock. Three car loads, however, arrived late and will be on tomorrow's early market. Some seventy-five head of cow and fifty-eight calves were killed through to Pueblo and stopped here for feed and sale. The market was fairly active and prices ruled steady to strong. Dold was the heaviest buyer today. Nearly everything sold that arrived in season for the market. The close was steady. Chicago bid and weak. Kansas City higher on best grades, common unchanged.

There was the highest run of hogs for several days. The market opened strong and fairly active. First reports from eastern market indicated higher prices and the buyers acceded somewhat the demands of the salesmen, and bid up to 10 cents on prices. The quality was rather mixed but averaged better. There were a few loads of hogs, three of which were smooth heavies and sold at \$4.35, to be weighed up in the morning. There was the usual quota of heavy hogs and pigs, and both were in good demand and sold at strong prices. There were very few rough and thin hogs today. Dold and Armour purchased most of the packers' grades. The market closed strong.

Chicago active and strong and Kansas City closed 5 cents higher.

WICHITA LIVE STOCK MARKET

WICHITA, Kan., Sept. 9.
The supply was very good. Market active and prices steady.
